TUCSON PIMA COLLABORATION TO END HOMELESSNESS (TPCH) COMMITTEE CANDIDATES – EXPERTISE & DIVERSITY MATRICES

The tables that follow identify all candidates applying for membership in one or more TPCH committees during the 2022-2023 TPCH planning year. Per the TPCH Governance Charter and TPCH CoC Committee Composition Operating Policy, the TPCH General Council shall elect persons to fill a simple majority of the seats on each committee not reserved for persons with lived experience of homelessness within the past five years. Remaining seats shall be appointed by the TPCH Continuum of Care Board.

In casting your votes, members of the TPCH General Council are encouraged to make choices which reflect the values and direction of the Continuum of Care:

- As part of our commitment to improving equity within the local homelessness response system, TPCH seeks to improve diversity in CoC leadership bodies through increased participation of people of color, LGBTQ+ people, and people with lived experience in CoC decision-making roles.
- TPCH is a broad-based coalition of non-profit service providers, government agencies, local businesses, faith communities, and community volunteers working together to prevent and end homelessness. We strive to build committees that reflect this diversity and encompass the entirety of our community's efforts to prevent and end homelessness.
- HUD Continuum of Care Program funds are just one part of our community's approach to ending homelessness and our leadership bodies should reflect the full breadth of services, funding streams, and approaches to this important work.

As a reminder, the following guidelines must be followed in casting your vote for TPCH committee members:

1. Organizational members may cast only one vote per entity.
2. No individual may serve on more than two committees (or one committee if the individual is also elected to the CoC Board).
3. No organization may have more than two individuals seated on any one committee. If two individuals from the same organization are seated on a committee, both will be eligible to vote on committee matters.

NOTES

There are five tables below, one for each of the TPCH committees elected by the TPCH General Council. Each table identifies committee candidates, primary organizational affiliation, whether the entity receives HUD Continuum of Care Program funding, and self-identified areas of expertise as they relate to the specific expertise sought for each committee and outlined in the TPCH CoC Committee Composition Operating Policy.

The table additionally includes a self-reporting of three characteristics identified as priorities in improving diversity and equity in TPCH decision-making:

- Lived experience of homelessness and/or participation in housing subsidy programs during lifetime
- Lesbian, Gay, Bisexual, Transgender, Queer, Gender Non-conforming/non-binary, and other people of diverse sexualities and genders
- Black, Indigenous, Hispanic/Latinx, and other People of Color
- *Chairpersons presumed elect are included, even though they are not candidates. Please consider their place in the wider committee member candidate matrix.*

Organizational Affiliation	Youth On Their Own - Director of Organizational Development
Other Affiliations	N/A
Biographical Summary	Hello! I am a Tucson native and have worked in the non-profit community here for almost two decades. My experience is varied, working both in the environmental non-profit field as well as the human services sector. Specifically relevant to TPCPH, I worked for Literacy Connects, which helps to support learners of all ages with building literacy skills. Many of our clients were living in extreme poverty or experiencing homelessness. For Youth On Their Own (YOTO), I have worked in many roles. I have served as the Director of Philanthropy, have managed all direct-youth services departments, and currently serve as the Director of Organizational Development where I am involved in every level and department at YOTO.
Reason(s) Interested in Joining the CoC Board or Committee:	I currently facilitate the Inclusion, Diversity, Equity, Access (IDEA), and Trauma-Informed Care (TIC) committee for Youth On Their Own. This is a staff committee committed to constantly improving the way we serve our youth. I'd like to join this TPCPH committee because I have a strong personal commitment to serving people experiencing homelessness and especially breaking down barriers to care. Creating welcoming, inclusive spaces is a small step to welcoming this population and I think working on this committee would allow me to have a direct impact on that effort. Likewise, I am committed to continuous learning and improving my work and I think serving on this committee will help me better facilitate the IDEA/TIC committee for YOTO.
Current and Past Participation with TPCPH or Other CoCs	My experience with TPCPH has been only indirectly through my work with Youth On Their Own. We are committed to collaborating with other organizations to help people experiencing homelessness. As a driver of YOTO's strategy, I encourage our staff to participate in external causes including TPCPH.
Community Coalitions/Activities in Candidate Participates	I am currently not involved in any community coalitions but I have a strong network within the non-profit community in Tucson at all levels.

In 2020, I went to work for OPCS where I am currently QM Coordinator: HMIS and Coordinated Entry. Reason(s) Interested in Joining the CoC Board or Committee:	I am interested in being more involved in how HMIS and Coordinated Entry work and would like to be a part of improving these programs. CANDIDATE NAME: Betty Bitgood

APPLYING FOR MEMBERSHIP TO: (1) Coordinated Entry Committee

Organizational Affiliation	Hope of Glory Ministries
Other Affiliations	Coalition of Compassionate Ministries; 4tucson member, New Day Believers' Church, member

Biographical Summary	<p>Graduate of UA, Ordained Minister. Married 50 yrs.</p> <p>My husband (deceased in 2008) and I established Hope of Glory in 1999. Our focus has always been on serving and restoring the homeless in Pima County. We began by serving meals in a city park. The city then pressed us to move from the parks and we served with a pantry, clothing, and Bible study in 3 local churches. In 2015, observing the need downtown, we began serving lunch, etc. at the downtown library. When that venue was no longer available, we moved to Armory and Santa Rita parks. When parks closed due to COVID, we needed to distribute FEMA food on hand and began distributing to TPCH outreach workers and agencies. As more food became available (Midwest FB) we also distributed in the community. We are currently working on a program (Feed My Sheep) to take food and hygiene to those in camps.</p>
Reason(s) Interested in Joining the CoC Board/committees	<p>I have observed a lot of situations (some with clients) that had not proved that Coordinated Entry was working in our community. One example was the large number of units available and a larger number of homeless going without housing. Things have greatly improved recently, but there is always a need for good oversight in any organization. The Housing First model does change--and will continue to change lives and bless our community.</p>
Current and Past Participation with TPCH or Other CoCs	<p>We attended TPCH meetings in 2002 and I became a voting member soon after. I have been active on the (then) Emergency Solutions Committee and Chaired the Discharge Planning Sub-committee for 2 years. At this point I became aware of the need for a Homeless Medical Respite facility in Tucson and started the ball rolling. This program is now in process with Catholic Community Services & will be on the campus of the Center of Opportunity.</p>
Community Coalitions/Activities in Candidate Participates	<p>4Tucson, All-city prayer groups, volunteer at Pima County Jail. Before the pandemic, I regularly attended the coalition to establish a Medical Respite Facility in Tucson.</p>

Organizational Affiliation	I am currently the Chief Operating Officer (COO) at El Rio Health.

I continued to volunteer at El Rio through my schooling at the College of Pharmacy at the University of Arizona and was hired as a pharmacist in 2010. Since that time I've been blessed to have multiple opportunities and have been in the COO role for approximately 1 year. Reason(s) Interested in Joining the CoC Board/Committee	My work has been dedicated to the health and wellbeing of the Tucson community. In my various roles at El Rio, I have had a wide range of responsibilities, from the very detailed processes of granular workflows, to the opportunity of strategic planning around innovation and new services.

Community Coalitions/Activities in Candidate Participates	Admittedly I am newer to the community involvement and coalition space as I have been very focused on my role at El Rio.

APPLYING FOR MEMBERSHIP TO: (1) Continuum of Care Board; (2) Coordinated Entry Committee

Organizational Affiliation	Southern Arizona AIDS Foundation (SAAF) SNR Associate Director of HIV Care and Housing Services
Other Affiliations	I currently have no affiliations with any organizations.
Biographical Summary	I have served in social service for the last 7 years with three years of experience working as a case manager, a program manager, and three years as Associate Director of Housing Services providing housing and support services to homeless populations across the state of Arizona, including LGBTQ+. I currently oversee SAAF's housing program budgets to ensure completion of contract reports.
Reason(s) Interested in Joining the CoC Board or Committee:	I have experienced homelessness as a child of a family of eighteen who were raised by a single parent and knowing how hard it is on parents and kids who struggle with food and housing insecurities. While working with our clients living with HIV/AIDS I have learned how their need for permanent stable housing impacts their medical and mental health. Our community is dealing with a serious housing shortage and being on the front line of these issues has allowed me the experience to collaborate with property owners and build relationships to keep clients housed. Seeing firsthand the struggles our clients face will allow me to be an advocate and help design programs to address and support the city's homeless population.
Current and Past Participation with TPCH or Other CoCs	I have not served on any of the TPCH or COC committees but have attended several meetings and have provided direct agency reports to the staff who attended the HMIS, Coordinated Entry and TPCH Board meetings on behalf of SAAF. Organizational Affiliation	Our Family Services, Homeless Services Manager
Other Affiliations	N/A
Biographical Summary	I moved to Tucson almost three years ago and started my role at Our Family Services as the Homeless Services Manager overseeing seven grants in the family housing department. Prior to moving I worked in food banking and victim services. While in undergrad I worked with first generation college students and students in campus housing who identified as LGBTQ.
Reason(s) Interested in Joining the CoC Board or Committee:	<p>I would like to join the board to become more involved in TPCH and be able to bring the perspective from the ground about what case managers and clients are experiencing in Tucson. In college, I was involved in a lot of service organizations where I utilized my organizational skills, program evaluation and training. I am very detail orientated and service focused. I have a master's in social work and have school experience with Policy, Advocacy and Community. Being a part of the board would allow me to utilize these skills I learned in school and apply them to help the community. APPLYING FOR MEMBERSHIP TO: (1) Continuum of Care Board

Organizational Affiliation	Arizona Department of Education - State Coordinator for the Homeless Education Program
Other Affiliations	Balance of State CoC board member Homeless Youth Connection Advisory Committee member TPCH Homeless Youth Coalition Pima/Tucson YHDP Education subcommittee Arizona Housing Coalition - member, conference planning committee member MAG Committee Member
Biographical Summary	I am an ASU alumnus, graduating with a BA in Psychology in 2000. I returned to my hometown of Oxnard, California and began working at a non-profit agency called Casa Pacifica, working with teenage girls in a therapeutic, residential treatment center. I became a Homeless Education

	<p>Coordinator for the County Office of Education for 4 years and then joined the office of Child Welfare as the Independent Living Program Coordinator after many foster youths were calling the office because they were homeless or facing homelessness. In June of 2016, I moved to Arizona to raise my family in the Valley after my rental house flooded and we were bouncing from friends and family homes. I followed her passion and became the director of a foster care agency in the East Valley before becoming the Arizona State Coordinator for Homeless Education in late 2019.</p>
<p>Reason(s) Interested in Joining the CoC Board/Committee</p>	<p>I would like to join the TPCH board due to my strong sense to represent homeless children, youth, and families. Often, the CoC misses the perspective of new homeless situations and the effect on children and youth. I can bring that perspective as well as the trauma and mental health awareness of homelessness due to my background and work experience. The homeless youth population needs attention from providers that understand where they are at, and my career has allowed me to interact with homeless youth from various ethnic backgrounds and life experiences and gain that understanding. I also believe that higher education is a path out of homelessness and want to make those connections for anyone that is willing to and wanting to go to school. I am a strong advocate for homeless families so i will be able to add their voice to the table.</p>
<p>Current and Past Participation with TPCH or Other CoCs</p>	<p>During my time as the Homeless Education Coordinator in Ventura County, California, I was part of the Ventura County CoC. My role helped me advocate for homeless children, youth and families that are often overlooked due to not fitting in the "chronic Homeless" category. I participated in several committees, include the grant application review team in Ventura County and the 10-year to end homelessness strategy committee. I was a board member for the Ventura County Housing Trust Fund for 2 years and assisted with its annual fundraising event by contacting the presentation of Inocente- an Emmy winning documentary of a then 15-year-old homeless artist and hosting her Q&A after the showing of the documentary.</p> <p>Upon being hired as the State Coordinator for Homeless Education, I joined the TPCH- YHDP Core Team as well as the grant application review team. I am an active participant in the former Youth Subcommittee, now known as the Homeless Youth Coalition. I currently am working with the YHDP Education Subcommittee with active TA assistance from the National Center on Homeless Education.</p> <p>Over the past 2 years, I have served on the Board for the TPCH CoC. I have met a valuable number of providers and likeminded individuals. I have participated in several subcommittees such as the scoring committee, YHDP scoring committee, new board member workgroup and the TPCH law enforcement work group.</p>
<p>Community Coalitions/Activities in Candidate Participates</p>	<p>I oversee the over 70+ school districts and charter schools for the homeless education program. I network within the school systems as well as any youth affiliated services. My network consists of the education sector outside of homeless education such as early childhood education, foster care, English language learners and the Charter school board.</p> <p>I am currently in discussion of developing a YAC for the education system for school year 2022-2023.</p>

I believe that youth have the answers to solving many of the problems that we are facing now and they need adult partners on their side. During my free time I like to play soccer and coach my nephews soccer team.
Reason(s) Interested in Joining the CoC Board or Committee:	I have been to TPCH meetings since the start of my career. I have learned a lot from being involved with the HYS and the YAC. Current and Past Participation with TPCH or Other CoCs	In 2018, I played a role in the creation of the Youth Action Committee (YAC). This committee was established in efforts to apply for the Youth Homelessness Demonstration Project (YHDP). Our community was not selected that year, however the foundation of having the YAC as a standing committee in the TPCH gave us an edge to be selected for the following year. I was the chair of the Homeless Youth Subcommittee (HYS) and helped facilitate meetings to help create the Coordinated Community Plan.
Community Coalitions/Activities in Candidate Participates	The Agency Advisory Council (AAC) of the Southern Community Food Bank is a perfect setting to network and advocate on behalf of TPCH. CANDIDATE NAME: Lisa Floran

APPLYING FOR MEMBERSHIP TO: (1) Continuum of Care Board; (2) Diversity, Equity, and Inclusion Committee; (3) Coc Program Grant Committee

Organizational Affiliation	Senior Director of Financial Wellness Initiatives, United Way of Tucson and Southern Arizona
-----------------------------------	--

Other Affiliations	
Biographical Summary	<p>I moved to Tucson almost four years ago to pursue a Master’s in Public Health at the University of Arizona. Much of my MPH work centered on public health approaches to housing, including an internship with City of Tucson’s Ward 3 centered on strategies to reduce chronic homelessness and a literature review on the relationship between housing and social connection. I also completed projects related to youth sexual health, foster youth, and rural populations in Ajo. During graduate school, I worked for United Way part-time on the preschool expansion project (now PEEPs) and with the ELDER Alliance. Since joining United Way full-time in March 2020, my primary projects have included operating the United for Southern AZ COVID-19 Fund, supporting VITA, and managing our Financial Wellness initiatives.</p> <p>Prior to my move, I worked on youth violence reduction, health care, and housing projects with the Chicago Community Trust and Heartland Alliance in Chicago. These positions gave me a good understanding of public-private partnerships, program management, and wraparound services, particularly for Opportunity Youth, unhoused populations, and individuals living with HIV/AIDS. I am happy to call Tucson home now and have lately enjoyed exploring aerial/lyra, pickleball, and long bike rides. In Chicago, I worked on writing projects with Second City and hope to get more involved in storytelling here over the next year too.</p>
Reason(s) Interested in Joining the CoC Board or Committee:	<p>I’ve always been impressed with TPCH’s ability to coordinate so many passionate people and organizations to keep resources flowing into our community and continuously improving our response. Housing has always seemed to intersect with my work, no matter where I’ve been, but in the past three years, the affordable housing crisis is bringing even more overlap. The acute crises that could previously be addressed through eviction prevention support are increasingly more complicated and chronic, requiring more expansive responses. I am interested in learning more about how the CoC resources fit together so that I can better educate around eligibility and referrals to United Way staff, our partners, and the general public. I am also always interested in efforts to increase coordination within and between systems – making it easier for individuals and partner staff to navigate the CoC resources available and identify opportunities for collaboration or improvement. I would bring a good understanding of the resource landscape beyond HUD funding, especially given my work with emergency funds over the past few years. Some of my specific strengths include strategic planning, facilitation, messaging and communications, and program evaluation.</p>
Current and Past Participation with TPCH or Other CoCs	<p>My introduction to TPCH came during my work with Ward 3 a few years ago. That project gave me an opportunity to meet with and interview stakeholders working in housing across Tucson and Pima County, as well as attend different work groups focused on housing and homelessness. I attended TPCH meetings and used their data in my reports, met with the CoC Supervisor, and interviewed staff from numerous CoC partner agencies. I also interviewed staff from the four CoCs in other parts of the country recognized for effectively eliminating chronic homelessness.</p> <p>My current work does not include direct work with HUD funding, but because many United Way partners utilize it, I have become more interested in learning about HUD services and funding streams. Many of our eviction prevention and emergency fund partners at United Way serve populations that may qualify for CoC funds (particularly homelessness prevention funds), or are already using them.</p>

Community Coalitions/Activities in Candidate Participates	In my current role at United Way, I am the primary contact for our emergency fund efforts, our Financial Wellness Partnership and its associated committees, and the Siemer Institute, a national funder focused on family eviction prevention. I work closely with other partnerships and programs anchored at United Way, including VITA, ELDER Alliance, First Focus on Kids, Cradle 2 Career, End of Life Care Partnership, and the Family Support Alliance. Additionally, I am an active participant in working groups with the City of Tucson (Equitable Economic Mobility Initiative project at Tucson House), Pima County (Women's Employment Initiative, Eviction Prevention Group), Arizona Grantmakers Forum, and Tucson Young Professionals.

CANDIDATE NAME: Jack Julsing

APPLYING FOR MEMBERSHIP TO: (1) Coordinated Entry Committee

Organizational Affiliation	Tucson Police Department, Sergeant of the Homeless Outreach Team
Other Affiliations	N/A
Biographical Summary	<p>I graduated the University of Arizona with a Bachelor's Degree in Sociology (minor in Psychology) in 2011. Shortly after I joined the Tucson Police Department. During my time with TPD I have had the opportunity to be involved with many incredible accomplishments. Some of these include: a commendation for saving a juvenile's life who had been stabbed, a Chief Citation of Excellence Medal for overall outstanding performance in 2014, an Unsung Hero Award for participating in the Community Justice Board through the Pima County Attorney's Office (1st law enforcement officer to do so ever). I have volunteered with the Comcast organization via "Comcast Cares" several times, this activity included: doing maintenance work at the VA, helping to paint the School for the Deaf and Blind, and providing Homeless with showers, haircuts, clothing, and food at the downtown YMCA. I am personally interested in helping my community as a whole. I became a police officer because I wanted to protect those that could not protect themselves from the predators of society. Over my career my motives have evolved to wanting to help society as a whole with their underlying problems. I love the work I do as a police officer, and since being put in charge of the Homeless Outreach Team, I have had tremendous satisfaction in broadening my lens of what it means to make a difference in the world. I love the non law enforcement contacts I have made and collaborated with and they have shown me a different perspective of service to the community which I am forever grateful for.</p>
Reason(s) Interested in Joining the CoC Board/Committee	<p>As stated above, during my career as a police officer, my view on how I can help the community has widely broadened. I have been able to expand my horizons and view the work I do from a different perspective. I want to join this board because I feel strongly about improving the quality of life for everyone, especially those who are experiencing Homelessness. As a law enforcement officer I have seen many different approaches to trying to solve the Homelessness issue. I have personally been put in charge of several different "operations plans" to solve Homelessness issues in certain areas, and I have seen many fail due to not addressing the underlying issues. Since being put in charge of our newly created Homeless Outreach Team, I have had many epiphany moments where I realized what I had been doing was not the right approach. I think this unique experience of trying and failing, acts as a motivator for me as well as an advantage. I have been able to objectively view different approaches to Homelessness and feel very comfortable making the appropriate decisions to contribute to the correct approach. I strongly believe what TPCH and the Pima County Housing First program is working</p>

	<p>towards is the right path. I want the opportunity to be a great part of that movement and I believe that with the partnerships I have cultivated and the resources I have at my disposal as a law enforcement official, I would be an excellent asset to this board. I have great leadership skills that I have developed throughout my career. I am also multi dimensional as I have assisted a myriad of different organizations with helping our Homeless population. I believe the experience of working with all sorts of different organizations and groups and not just working with one particular group gives me very good insight as to the needs of the Homeless community as a whole. I know that this institutional knowledge I have obtained would pay dividends if given the opportunity to be a part of the TPCH CoC Board. Ultimately, I want to have the biggest impact I can on helping with our Homelessness issue throughout the City and the country. This problem is complex and effects us all, and I want to be a part of the solution. Thank you for your time and consideration.</p>
<p>Current and Past Participation with TPCH or Other CoCs</p>	<p>As a supervisor for a law enforcement Homeless Outreach Team, I have had the privilege to work with TPCH in a variety of ways. I am a member of the Basecamp website and have utilized it to assist different organizations and ask for assistance from different organizations many times. When the isolation shelter hotel program was first talked about, I worked with Housing and Community Development and TPCH to get law enforcement involved with the program and sent out training to the Department on how to utilize the program. This resulted in TPD referring over 50 people to the program. In my short time as supervisor for the Homeless Outreach Team I have been able to utilize the TPCH website and those connected with it to achieve great outreach results. I believe information sharing is key to helping solve Homelessness and TPCH is the best example of sharing information to help that mission. I have several TPCH links on my Unit's 'wikipage" within my Department's internal intranet, and those links have helped patrol officers assist Homeless tremendously.</p>
<p>Community Coalitions/Activities in Candidate Participates</p>	<p>I am routinely invited to speak and present at Ward Office meetings, neighborhood association meetings, City Department meetings, Business Owner Management Association (BOMA) meetings, as well as outreach and shelter meetings. I am also a part of the Homeless Coalition through Ward 5 and council member Fimbres. I also work closely with our Mental Health Support Team and our Substance Use Resource Team which assist our mentally ill and drug user population and meet with healthcare professionals and drug treatment providers. These meetings involve a variety of stakeholders and key decision makers within our community. I have the notoriety and ability to advocate for what TPCH is trying to achieve at all of these meetings. My Unit has built a very good brand among many different organizations within the City. I like to think that we act as a "hub" for all the different resources for the Homeless and all the different organizations that deal with this issue. I believe I am in an extremely unique position to network and advocate for TPCH on many different platforms.</p>

<p>Biographical Summary</p>	<p>I have been involved with TPCH for several years; the past 2 years with the System Performance Committee and several years before that as a representative for COPE.</p> <p>My personal philosophy is to always strive for improvements. I believe that recognizing areas to improve is a positive process, not necessarily a critique or something to avoid. <p>Reason(s) Interested in Joining the CoC Board/Committee</p>	<p>I have worked in various areas of TPCH including writing our written standards, coordinated entry policies and procedures, and working on our governance charter.</p> <p>These documents are important as they shape how our community interventions function; changes to these policies can impact results in our community so it is important to craft them carefully and make adjustments as needed. CANDIDATE NAME: Chula Robertson

APPLYING FOR MEMBERSHIP TO: (1) System Performance Evaluation Committee; (2) CoC Program Grant Committee

Organizational Affiliation	Pima County: Program Coordinator Youth One Stop- pre-covid taught an employment class to folks experiencing homelessness and helped them talk about their experiences to gain meaningful employment. During covid and post covid I focus on employment, resource navigation and some crisis shelters (anything my team needs).
Other Affiliations	I have volunteered with various political campaigns but have taken a step back.
Biographical Summary	I grew up on a farm being a helper and that is something that I have carried with me my entire life. I have done everything from door to door sales, bartending and voter registration events. At the U of A I studied social movements and Spanish which got me into politics and campaign work. After working a few election cycles I realized I wanted to become part of a more permanent and inclusive system. When I heard about the amazing work that SJEC was doing to help folks I knew I wanted to join the team in hopes to create tangible change. I really like being able to use my positive energy to help people through a rough situation. As I continue my professional career I want to continue helping people but also try to create a system to remove those issues they need help with. I also consider myself a life long learner so I love to read and understand new systems or procedures to help people understand them,
Reason(s) Interested in Joining the CoC Board	I have wanted to join TPCH ever since I learned about it simply because I want to learn more. I am a very energetic person and want to use my energy to help humans and better my community. I am also very detail oriented, good at taking notes, helping people understand and love to read. By being apart of TPCH committee(s) it is my hope that I will learn more about the system in order to be a better participant and advocate. I also hope that with my involvement people learn to reach out to me if they need a little help or just to connect! I think that warmness and connection piece are important because I remember when I first met Austin Puca at a meeting, she mentioned the county as being stiff and youth might not feel comfortable there, I really took that to heart and want to be a warm welcoming voice to the community while still representing the TPCH values and mission.
Current and Past Participation with TPCH or Other CoCs	Before Covid I was very much glued to my classroom to provide direct service to my participants. I used to think they just magically got to my class. The only things I had done "outside" my facility were two Point in Time Counts, a resource fair and was starting to develop a quicker class that we could take off site to better meet participants where they were. Now I have completed spdats, referrals and worked with other service organizations to provide services to potential participants. Joining the Rapid Rehousing Overview training was very helpful to think about the process/system as a whole. I also joined the Youth Homeless Coalition just to gain more insight and connect with more service providers and participants. I still have a lot to learn but am very grateful the opportunities I have had to join meetings and am eager to learn more about the system.
Community Coalitions/Activities in Candidate Participates	I used to be very involved with community groups but have stepped back, now I am very active with local businesses and artists. I am a very friendly person so have no issues connecting with folks and talking about TPCH and the amazing work we are trying to do in our community.

Organizational Affiliation	Youth Collaboratory Team - YCT Private Consultant
Other Affiliations	Homeless Youth Coalition - Vice Chair Youth Action Committee - Voting Member Young United Parents - Youth Advisory Board Member Coordinated Entry Equity Initiative - Consultant
Biographical Summary	I used to be a bad kid, I was an on-and-off RAJ (Runaway juvenile) up until I aged out of foster care at 18. I chose to turn my life around, started reaching out to local youth centers, and took it upon myself to be a voice for youth who haven't found theirs yet. I have 10+ years experience volunteering because my mom always helped the community when I was a child. I decided to become a youth activist as an apology to my younger self, and to be a voice & role model to youth who needed that same guidance I did as a teen.
Reason(s) Interested in Joining the CoC Board or Committee:	My lived experience, my ambition, and my commitment to these committees are skills & expertise I can bring to the CoC. I can work as a networking medium between committees to ensure the right change is being made, and to bring a sense of direction.
Current and Past Participation with TPCH or Other CoCs	I joined YAC, and from there I became familiar with TPCH. I started attending more meetings from HUD & TPCH, resulting in me joining more committees. The more reach an individual has, the bigger their impact.

CANDIDATE NAME: Ed Sakwa

APPLYING FOR MEMBERSHIP TO: (1) Continuum of Care Board

Reason(s) Interested in Joining the CoC Board/Committee	Over the past 11+ years, I have seen TPCH evolve and grow into a powerful force in the community, with even greater opportunities on the horizon. I would like to offer my time to be part of a team of committed community members who will keep TPCH at the forefront of progressive efforts to end homelessness in our community. Reason(s) Interested in Joining the CoC Board/Committee	<p>I have dedicated my education and the last 15 years of employment to ending homelessness in Pima County. I have a passion for serving those that remain underserved in the community and to level the playing field for those that come into adulthood without the same advantages that I had as a young adult. I believe it is imperative that we as a community provide the most basic services (which I see as a human right) to youth that have often experienced trauma, abuse, poverty and unstable living situations as young children. This includes housing as well as the opportunity to participate in education and employment in order to stabilize their living situation for themselves and their minor children. I believe that housing is a basic human right and I believe that data and policy drive housing opportunities by proving what works and what does not when serving people experiencing homelessness. I have a strong desire to continue to participate as a member the HMIS Committee in order to assist and continue to support the community with the goal to end homelessness.</p> <p>I have 12 years of experience using the HMIS database. Biographical Summary	In 2010 I started as a case manager for people who were in Primavera Transitional Housing while I completed my Associates of ARTS Degree in Social Work. During my time at Primavera I was both a case manager and property manager. Seven years later I accepted an opportunity at Community Partnership of So. Ariz. (CPSA) the Regional Behavioral Health Authority contracted through the Az. state Medicaid program. During my time at CPSA I over saw the CoC Federal Housing Grants awarded to CPSA (now CPIH) someof these grants were TRA, SPC-II, SPC-III, Pathways, along with Federal grants through the Balances of the State for So.Az. I have continued in this position for the past 13 years first with CPSA and now with AzCH-CCP. In the past 5 years since joining AzCH-CP we have partnered with Pima County HMIS to set up a Coordinated Entry System for AZCH-CCP separate from the CoC Coordinated Entry List. AzCH provides rental assistance for over 500 households in Pima County.
Reason(s) Interested in Joining the CoC Board	I believe the importance of participating in the HMIS & CE Committee in order to maintain the partnership between TPCH, and HMIS. The ability to have an AZCH-CCP system within the Pima County System bring so much additional information and tracking to the larger HMIS System and captures a population of people who would not be captured through the Pima County Access Points.
Current and Past Participation with TPCH or Other CoCs	In 2006 upon joining CPSA I was introduced to TPCH General Council by my supervisor Barbara Montrose and joined the committee responsible for putting on the Annual TPCH Conference and Project Connect (the title of this committee escapes me). I am about to graduate from U of A with a bachelor's in sociology and I would like to further continue my

	work in trying to end youth homelessness with the experiences I had and the privileges I have now.
Reason(s) Interested in Joining the CoC Board	I would like to be in the Coordinated Entry Committee because I think it is important to end homelessness in it's early stages, and coordinated entry is the first start of that journey. If we remove any barriers within coordinated entry then some of the barriers we have in other fields of the CoC will likely dissipate and bring new opportunities to fix those barriers as well. I'd also like join Diversity, Equity, and Inclusion committee because the rights of unaccompanied minors are limited but they are also extremely vulnerable. I feel that in the meantime between now and when we can get more unaccompanied youth to be able to have say in decisions, I'd like to be an advocate for them with the experiences I've had.
Current and Past Participation with TPCH or Other CoCs	I've been working with the Youth Action Committee specifically as the main point of contact and to be a voting member in order to advocate for the changes we need. When I was first working with YOTO+the YAC I was also briefly in the YHDP Coordinated Entry change team where I helped provide input that eventually led to the minor transfer youth policy that then got approved by YAC and HYC. I was Co-Chair of HYC for a year where I also helped coordinate the agenda and facilitate the meetings. While as for YHDP Ed Change Team I also help provide my input as a member while helping facilitate collaborations between HYC and the YAC.
Community Coalitions/Activities in Candidate Participates	I have been trying to help UofA's Fostering Success learn how to navigate TPCH and how to help students who are dealing with homelessness by coming to do trainings every month. In the future I am also planning on working with DCS's Youth Empowerment Council in order to help them do what they can on their side of ending homelessness as well as eventually connecting them with the Youth Action Committee to do collaborations.

CANDIDATE NAME: Karl Wagner

APPLYING FOR MEMBERSHIP TO: (1) Diversity, Equity, and Inclusion Committee

Organizational Affiliation	Pima County/ Community Workforce Division
Other Affiliations	Current NAMI Board Member
Biographical Summary	Former Family Support Specialist at a domestic violence shelter in Mesa, a program of A New Leaf. My duties included receiving calls on a crisis line and screening potential clients, assisting clients with resources including employment, government financial assistance, transitional housing and living skills. Co-facilitated and planned curriculum for a teen group aimed at prevention and education of teen dating violence. Co-facilitated a parents support group for parents with children within the LGBTQ+ community specifically teens to young adults. Mentored parents at Camp Born This Way, a weekend camp for families of transgender youth.
Reason(s) Interested in Joining the CoC Board	The LGBTQ+ community is very important to me, being the parent of a young adult who identifies as non-binary and gay. I want to advocate for a community which is at higher risk of suicide, and discrimination as well as more likely to be the target of violence for simply being who they are. I want to ensure that the LGBTQ+ individuals in Pima County have a voice. They are a group in desperate need amongst an already marginalized community. I feel that my life experiences coupled with my time working at a domestic violence shelter give me a unique perspective. Given this perspective, my current position co-managing a shelter, and my work with individuals in need,

	I hope to help break down some of the prejudice and bias that are way too prominent within our community.
Current and Past Participation with TPCH or Other CoCs	Program Manager with Pima County. Currently co-managing a shelter/hotel for recently evicted families. I am nearing the end of my first two-year term on the DEI committee with TPCH.
Community Coalitions/Activities in Candidate Participates	Families Transformed of Southern Arizona a support group for parents and families of transgender youth.
